PACKING DOS AND DON'TS

Don't pack expensive clothes & equipment

Storage is in a tent and there are up to 200 campers at the camp at any one time. Camp property is very large, and items may be lost or damaged.

Do pack all items in a watertight trunk

Dimensions: H 13" (max) W 30"- 36" D 15"- 24"

Because there is limited space in our tents it is ideal to pack your campers clothing in a trunk that fits under their cot. Waterproof sports/duffle bag or a plastic/rubber container can also be used instead of a trunk.

Try to limit your camper to 2 pieces of luggage (i.e. trunk and backpack)

Don't pack electronics of any kind for use at camp

We are Technology Free at camp and below are examples of what NOT to send to camp!

cell phones tablets- computers e-readers speakers digital cameras

Do label all your camper's clothes

It is imperative to have your son's full first and last name on everything in this checklist. It's a good idea to tape a copy of this list in his trunk as it will help him and his counsellor when packing at the end of his session.

Don't pack any food items (including candy or gum)

We live in tents in the woods therefor we need to avoid attracting animals into the tent line. Please also refrain from sending care packages with food or candy.
